

Declaration of compliance - Food contact materials Glass, porcelain, ceramics, faience and enamel

Identity of the product:

Item number, at F&H and at supplier: 821244
TCT05033S6
Item name: Set of 6 stoneware express mug

Order number: IID1083100
The item consists of the following type(s) of material(s), e.g. ceramics: STONEWARE
Usage: DRINKING
Test no.: TÜV Rheinland 0144145357a 002 date 2017-05-17
TÜV Rheinland 0144178936a 001 date 2018-04-06

Are there any limitations related to the following parametres?

Temperature:	Yes: <input type="checkbox"/>	No: <input checked="" type="checkbox"/>	If yes, please state a min/max-temp.:	
Oily/greasy foodstuffs:	Yes: <input type="checkbox"/>	No: <input checked="" type="checkbox"/>	If yes, please state which:	
Acidic foodstuffs:	Yes: <input type="checkbox"/>	No: <input checked="" type="checkbox"/>	If yes, please state min/max pH:	

Applications:

Can the product be used in conventional oven?	Yes: <input checked="" type="checkbox"/>	No: <input type="checkbox"/>	If any limitations to the use in conventional oven, please state which:	MAX 250 DEGREE
Can the product be used in microwave oven?	Yes: <input checked="" type="checkbox"/>	No: <input type="checkbox"/>	If any limitations to the use in microwave oven, please state which:	
Is the product dishwasher proof?	Yes: <input checked="" type="checkbox"/>	No: <input type="checkbox"/>	If any limitations to the use in the dish washer, please state which:	
Are there any other limitations to the use of the product?	Yes: <input type="checkbox"/>	No: <input checked="" type="checkbox"/>	If any limitations to this use, please state which:	

Limit values set for lead and cadmium:

Does the product comply with the below mentioned limit values set for lead and cadmium?			Yes: <input checked="" type="checkbox"/>	No: <input type="checkbox"/>
Please enclose a copy of the test				
Article^{*)}	Lead	Cadmium		
Category I^{***)}: <ol style="list-style-type: none"> Articles which cannot be filled Articles which can be filled, the internal depth of which, measured from the lowest point to the horizontal plane passing through the upper rim, does not exceed 25 mm (shallow articles) The mouth rim of articles meant for drinking purposes (e.g. mugs and cups)^{**)/***)} 	0.8 mg/dm ²	0.07 mg/dm ²		
Category II: <ol style="list-style-type: none"> Articles which can be filled, except shallow articles (category I; no. 2)^{**) **)} 	4.0 mg/l	0.3 mg/l		
Category III: <ol style="list-style-type: none"> Cooking ware Storage vessels having a capacity of more than three litres 	1.5 mg/l	0.1 mg/l		
^{*)} = When an article is provided with a lid, the article itself and the inner surface of the lid must be analyzed separately. The sum of the detected amounts of lead and cadmium (mg) is then related to the volume of the article (or the surface area (dm ²) of articles of Category I)				
^{**) = Mugs/cups/glasses or the like meant for drinking purposes must meet the limit values for both Category I (the mouth rim) and Category II (the entire article). The mouth rim is defined as the upper 2 cm on both the}				

outside and inside of the cup/mug/glass.

*** = The demands are laid down in the Danish declaration "[Bekendtgørelse nr. 822 af 26/06/2013 om fødevarekontaktmaterialer](#)"

Starting substances for glazing and colour:

Has the product been treated with glazing, colours or any surface coating?		Yes: <input checked="" type="checkbox"/> No: <input type="checkbox"/>
<i>If yes, please answer the following questions.</i>		
<i>If no, please do not answer the following questions</i>		
Have all starting substances been evaluated by <ul style="list-style-type: none"> the European Food Safety Authority (EFSA), Bundesinstitut für Risikobewertung (BfR) or the Food and Drug Administration (FDA) or been listed in Resolution ResAP (2004) from the European Commission on Coatings intended to come into contact with foodstuffs?		Yes: <input checked="" type="checkbox"/> No: <input type="checkbox"/>
<i>If yes – please enclose documentation on the safety of the substances</i>		
<i>If no, which other starting substances are used?</i>		
Chemical name	CAS no.	Amount in the product (%)

Compliances:

Is the material in compliance with Regulation 1935/2004/EC as amended?	Yes: <input checked="" type="checkbox"/> No: <input type="checkbox"/>
This includes that the product does not endanger human health, bring about an unacceptable change in the composition of the food, or bring about a deterioration in the organoleptic characteristics thereof (article 3 in Regulation 1935/2004/EC).	
Ceramics:	
Does the product comply with Directive 84/500/EEC on ceramics as amended?	Yes: <input checked="" type="checkbox"/> No: <input type="checkbox"/>
Glass and enamel:	
Please be aware that in Denmark, glass and enamel has to be tested as described in directive 84/500/EEC as amended, and be in compliance with the limits for cadmium and lead laid down in directive 84/500/EC as amended. Furthermore, articles for drinking purposes also has to be tested for migration from the mouthrim (see the table "Limit values set for lead and cadmium")	<input checked="" type="checkbox"/>

Has the glass or enamel been tested according to directive 84/500/EEC as amended, and found to be in compliance with the limits for cadmium and lead laid down in directive 84/500/EC as amended?	Yes:	No:
Is the product manufactured according to Regulation 2023/2006/EC on good manufacturing practice as amended?	Yes: ✓	No:

Heavy metals in the packaging material:

Has it been tested that the sum of lead, cadmium, mercury and hexavalent chromium in the packaging material (wrapping, gift box etc.) is less than 100 ppm as laid down in directive 94/62/EC as amended?	Yes:	No: ✓
<i>If yes, please enclose a copy of the test report.</i>		

Substances of very high concern (REACH):

Does the product contain substances listed in the list of substances of very high concern in Regulation 1907/2006/EC (REACH)?	Yes:	No: ✓
Please see the current list at: http://echa.europa.eu/chem_data/authorisation_process/candidate_list_table_en.asp		
If yes – please state substance name and amount in the product		
Chemical name	Cas. No.	Amount in the product (%)

We commit ourselves to informing F&H A/S of any changes in the formulation of the product or in the information given in this declaration of compliance.
